

International Graduates Program in Customs Administration

Brief Introduction

The Master of Customs Administration (MCA) program mainly recruits officials from customs administration and international trade authorities in countries alongside the “Belt and Road Initiative”, as well as middle and high-level managers from enterprises and industrial organizations. The program aims to promote the “Belt and Road Initiative”, boost facility connectivity and unimpeded trade in the region, and provide well-educated talents.

Training Objectives

The program intends to develop and train excellent policy-makers and senior officials with a global strategic vision for regional cooperation, outstanding customs practitioners, and smart middle and senior managers for enterprises and industrial organizations, thereof promoting regional trade security and facilitation and connectivity of countries along the “Belt and Road”. It aims to develop students with fluency in Chinese reading and speaking, comprehensive understanding of Chinese policies, cross-cultural communication skills and global competence.

Research Orientation

Customs Administration

Educational System and Duration

The number of school years for this program is 2, including 1 for classes taking and 1 for thesis writing. For a student fulfilling the plan ahead of time with the dissertation qualified for defense, it can be allowed for defense, graduation and application of the degree ahead of time.

Credit requirements

Students should develop their personal training plan and take courses under the guidance of their supervisors. The minimum number of credits required for full-time students in customs administration is 34.

Thesis

Literature Reading

Students are required to read at least 20 literatures on topics related to their thesis and research direction including literatures in foreign languages and to write a literature overview.

Thesis Writing

In addition to compliance with the provisions of school, thesis must be written in a systematic and complete manner, presenting clear concepts, correct argument, realistic description, concise writing structure, smooth and concise writing style, correct calculation, reliable data, and clear icons.

Thesis Evaluation

Thesis should be written based on students’ own study and research. The findings presented in the thesis should have higher academic value and positive impacts on economic development of China. Students are required to conduct at least one year research and to publish papers in the area of their disciplines before being eligible for applying for a Master’s degree.
