An Introduction to UIBE

The University of International Business and Economics (UIBE) is jointly-sponsored by the Ministry of Education and the Ministry of Commerce UIBE is competitive in the subjects such as international trade, international law, finance, business management and foreign languages, and the university has both Chinese and English instructional systems from the undergraduate to postgraduate levels, allowing UIBE to be one of the most important institutes for talents' training and scientific research on Chinese economic and business development.

Detailed Information

The University of International Business and Economics (UIBE), situated near the Olympic Business Center of Beijing, was founded in 1951. UIBE is a national key university under the leadership of the Ministry of Education and the Ministry of Commerce, and is one of the first batch of universities to be included in "project 211", also participated in the "Double-First Class" initiative.

UIBE pursues to be an outstanding national university and a prestigious international university with its distinct characteristics. UIBE has already become a multi-disciplinary university specialized in the fields of economics, management, liberal arts, law and science, and competitive in the subjects such as international trade, international law, finance, business management and foreign languages.

UIBE is the first university in possession of both Chinese and English instructional systems at the undergraduate and postgraduate levels. At present, the university offers nearly 80 majors to overseas students of bachelor, master and doctoral study. Among them, 30 majors are offered entirely in English. Being the only university with "Career Advisory Center"for International students, UIBE has established cooperative relationships with over 100 famous enterprises.

UIBE has a total enrollment of around 16,000 full-time students including more than 2,500 international students from 165 countries. As always, UIBE students are widely welcomed by society for their sound professional knowledge and skills, strong linguistic ability, active thinking and rich practical experience. UIBE graduates have been mainly employed in government departments, multinational corporations, financial sectors, large-scale foreign trade corporations and commercial institutions stationed abroad. They are playing an important role in promoting global economy and social development.
